SAP CX SALES & SERVICE CLOUD (C4C / HYBRIS) • BUSINESS ANALYST • LEAD-TO-CASH / QUOTE-TO-CONTRACT

PROFESSIONAL SUMMARY

SAP CX Sales Cloud (C4C / Hybris) consultant and business analyst operating right at the intersection of technology and management with 3+ years at Accenture and an M.S. in Engineering Management from the University of Massachusetts Amherst, delivering Sales & Service Cloud and SAP Hybris Commerce Cloud solutions for global enterprises across full-lifecycle S/4HANA programs, including a \$250M business expansion. Adept at gathering requirements and translating them into functional specifications with an ability to walk clients through, Sales and Service Business processes, including Lead-to-Cash and Service Tickets through Agile/Scrum delivery.

PROFESSIONAL EXPERIENCE

SAP Functional Consultant (CX Sales Cloud/ SAP Hybris) | Accenture

Jul 2021 – Aug 2024

- Configured SAP CX Sales Cloud (C4C / Hybris) for a global mining enterprise gathering client requirements and translating them into functional specifications, then building the lead-to-customer-creation and sales-quote-to-contract-creation flows with pricing & condition technique.
- Integrated customer and material master data from SAP S/4HANA into the Sales Cloud system via SAP CPI and PI/PO, and orchestrated the SAP Commerce Cloud to Sales Cloud to S/4HANA customer and contract creation process to keep Lead-to-Cash and quote-to-contract flows consistent across the landscape.
- Led the SAP CX Sales Cloud workstream of a full ECC-to-S/4HANA migration, directing cross-functional teams across current-to-future-state design, SAP Fiori configuration, integration and cutover and hyper-care SOPs which stabilized go-live and cut operational costs by 18%.
- Delivered 3 full-lifecycle S/4HANA implementations with SAP CX Sales Cloud/Hybris scope — a merger, a new product line, and a \$250M business expansion owning scope, schedule and budget while driving change management and stakeholder alignment through go-live and hyper-care extension.
- Led 16 SAP CX Sales Cloud, SAP Commerce Cloud and CTRM enhancement projects in the pre-sales environment using Agile/Scrum, running feasibility and impact analyses and engaging stakeholders, raising system efficiency 15% and reducing operational costs 27%.
- Managed 8 cross-functional enhancement projects spanning SAP Commerce (eCommerce), GTS, SD, MM, TSW, WM and SAC, authoring HLD and functional specs, executing SIT/UAT/RT, and collaborating with technical teams in JIRA, Confluence and Microsoft Teams (MS Teams) to keep web application and integration architectures aligned to spec.
- Oversaw system reliability through routine monitoring and Service Ticket support handling priority (P1/P2) incidents and driving problem tickets to root-cause closure to minimize downtime and sustain uninterrupted business operations.

Digital Marketing Intern | Zoho Corporation

Apr 2021 – Jul 2021

- Analyzed real-time user-engagement and web metrics to surface behavioral trends and optimize targeted B2B SaaS campaigns, improving user conversion rates.
- Executed SEO/SEM strategies (keyword research, A/B testing, on-page optimization) that lifted SERP rankings and grew organic traffic for Zoho's SaaS products.

Supply Chain Intern | Hydac Private Limited

Jan 2021 – Apr 2021

- Built a tailored KPI-driven supply-chain dashboard (estimated 57% overall supply chain efficiency), applying Structural Equation Modeling (SEM) to identify the critical path and enhance operational visibility.
- Applied Demand-Driven MRP (DDMRP) strategies to improve forecasting accuracy and align inventory with real-time demand and recommended process optimizations to reduce bottlenecks and improve responsiveness.
